## Antioch - Bensenville Game Fri. Evening, Wilmot Ties Sequoits

### Sophomores Win First One Against Grant 6-0

Antioch High will open its conference tomorrow evening the lights at Sequoit field with Bensenville High as its opponent.

The Sequoits came out of the preliminary game with Wilmot last Friday night without injury and the same lineup will be used.

The Wilmot - Antioch game was a scoreless tie, with the Sequoits excelling in statistics, but unable to score. The weaknesses of the team that showed up in the game were ironed out this week and a strong opposition is expected against Bensenville which lost last weekend to Leyden Township high of Franklin Park.

The Antioch sophomores will play the preliminary game against the Bensenville sophomores starting at 6 p.m. The varsity game will start at 8 p.m.

The sophomores played an outstanding game against Grant at Fox Lake Monday afternoon, winning 6 to 0. The Sequoits underclassmen dominated the game at all times and the Grant sophs never got within the 20 yard line.

Antioch's score was made in the fourth quarter on a pass from quarterback Bill Terry to end, Philip Burdick after the ball had been carried to the shadow of the goal on line plays and frequent downs. Another pass by the same combination was nullified for no score earlier in the game because of an off-side.

Summary	Wilmot	Antioch
First downs	6	14
Yards rushing	54	201
Yards passing	0	42
Passes intercepted	1	1
Passes attempted	3	13
Fumbles	4	2
Fumbles recovered	3	3
Punts	3	2
Yards on punts, t'l	99	99
Av. Length punts	33	49 1/2
Total penalties yds.	25	40

Lubkeman and Kennedy were captain for the Wilmot game and Harry Larsen and Bill Clarke will co-captain the Bensenville game.

Boak Baird will be in uniform and will be in play as an offensive quarterback. His dislocated shoulder has mended so that he can be used except on defense.

## Nixon Outlines 4-Point Program for Republicans At Lake County Picnic

Senator Richard Nixon, California, speaking before a large crowd last Sunday afternoon at the Republican picnic on Grand ave. outlined a four-point program for the party in the coming campaigns.

The personable young senator presented a formula of "work, fight, and stand for something."

He said that it is not enough for Lake county Republicans to win the county; they should pile a majority that will help overcome less enlightened counties.

He called for fighting, rocking, socking campaign, such as gained important victories for the party in 1950.

"It is not enough that we criticize and condemn the present administration. We must offer a concrete, affirmative program that can be associated with the Republican party and which can attract the support of the loyal, loyal Americans from the city," he said.

The first plan, he said, is to get rid of the "yes men" who must be gotten rid of. "The administration must be dispensed with that cannot find a place for men such as General MacArthur, and General Albert Wedemeyer, because they refused to be 'yes men.'"

Nixon would clean the Communists out of government, and get rid of those who become involved in scandal.

**St. Ignatius Aux.**  
**To Hold Meeting, Wed.**

The St. Ignatius Auxiliary will hold a meeting at the Parish Hall Wednesday, Sept. 26 at 8:00 o'clock. Meadames Fred Hawkins and Arthur Hawkins will be hostesses.

The Auxiliary will complete plans for a Dessert luncheon and card party to be held Wednesday afternoon, October 24th at the Parish Hall.

## Lions Club to Consider Sports Car Race Event; Banker to Speak on Blind

Whether the Lions club will back a sports car race in this community next summer will be determined at a special meeting of the board of directors to be called within the next two weeks, President Robert Wilton said following a meeting of the board Monday evening.

"It is a big undertaking with a lot of expense," he said.

The club will dine Monday evening at the Millburn Community church in hearing R. Robert Horn of the First National Bank of Winnetka speak on "The Blind."

### Bowling Season Is Now In Full Swing

The Major league, which meets on Friday evenings at 9 p.m., met for the first time last Friday. Einar Petersen was in mid-season form and had a total of 640 for the first three games. Elroy Anderson had one game of 236 and a total of 577. Other scores were about what would be expected after the summer vacation from bowling.

Bussies lounge took the league lead by beating the Antioch Lumber three games. Millers won two from Golden Glo and Linders Lounge took the odd game from Hunt's Service.

### Tavern League, Mon., Sept. 17

Three of the contests Monday night ended in a 3-0 score with Buds taking the nod over Kemp's; Dick Moran's beating the Recreation, and the Old Orchard Inn blanking Sorrenson's. In other games Halings Mudhens took two from Slide Inn; Thompsons left the short end of the two to one score to Pagels, and Haviland's allowing Hans and Mables one of the three games.

Individual scores worthy of note were roller by Joe Fernandez with a 577 total, Fortman of Thompsons 524; Wisoki, 526.

Slide Inn team to a two-to-one win over Buds. J. Schneider shot 471.

K. Keulman's 498 total helped the for Buds.

Linders won two from Hazelmans with E. Courtney hitting 477, and L. Leuhr scoring 485.

House of Beauty was a two time winner over Kings. Flo Strametz was high for the druggists with 439 and V. Cermak starred with 461 for the losers.

Badger Cork lost two to the Salem Rec. when L. Hilbert hit 452 for the Rec. and C. Polansky had 435 for the Badger Cork team.

High team series was a 2254 total shot by Smiths Slide Inn on games of 795-681 and 778. High individual series was rolled by Kay Manzardo with a 515 total and games of 155-172 and 188. H. Segelke hold the record high game for this season with a 189 mark.

### Ladies Major League

The Ladies of the Major league are not yet in good form and scores were much lower than those last year. Blums took all three games from the Recreation with Vi Shunneson high for the winners with a 450 total and E. Weber winning the honors for the losers with a 398 total.

Bussies Bar won two from Barnstables and Brogan with H. Segelke shooting a 486 series for the winners and H. Walshow hitting a nice 552 for the Clothiers.

Reeves took two from Johnsons with Elsie Hay's 439 high for Reeves and A. Pedersen hitting 471 for the resort.

### Womens Handicap League

**Tuesday, Sept. 18**

Pagels took a clean sweep from Mount Hatcheries last Tuesday evening with Gert Osmond high for the loser with a 393 total and Marge Anderson hitting 416 for the winners.

Key Manzardo sparked the Antioch News team to a three game victory over Arts Paint store by shooting a 515 series. B. Roberts hit 400 for the losers.

### Mrs. Gaston Appointed Red Cross Director

Mrs. H. B. Gaston has been chosen as a member of the board of directors of the North Lake County chapter, American Red Cross.

She succeeds Mrs. Edith French who resigned.

The board had its monthly meeting at noon today at the chapter headquarters, 133 Belvidere st. in Waukegan. Plans will be made at that time for future activities of the chapter.

### Get New State Truck

A new truck and snow plow have been purchased by the state for use on Rte. 173. Russell Smith is the patrolman and Al Rockow, his assistant. The truck was described as a "dandy."

## Condell Hospital Fund Drive to Open Sunday With Ground Breaking

Officers of Condell Memorial hospital have announced a \$250,000.00 building program and campaign for funds to begin on Sunday, Sept. 23, with a groundbreaking ceremony, parade and concert.

Groundbreaking ceremonies will take place at 2:30 p.m. at the hospital, attended by members of the board of trustees, hospital personnel, outstanding residents of the area and interested citizens of Lake County. An invocation will be given by the Rev. Thos. K. Rogers of St. Lawrence's Episcopal church, Libertyville, followed by the actual turning of the first shovelful of earth by Eric Bolander, chairman of the hospital building committee.

From the hospital a parade, under the direction of Libertyville's chief of police, Joseph Saam, and featuring a band, will move from Stewart Ave. to Park Ave., along Park to Milwaukee Ave. and north on Milwaukee to Cook park, where it will halt to hear brief remarks by Herbert Clark, president of the board, who will introduce the speaker of the afternoon, Herb Graftis, well-known columnist. The program will close with a concert by the band.

### Parade Is Scheduled

Marching in the parade will be the mayors of Libertyville, Mundelein and neighboring communities, prominent civic leaders, members of the service and veterans organizations, girl scouts, Brownie Scouts, Boy Scouts, Cub Scouts, political and church leaders and various civic groups.

In launching the drive for \$250,000.00 Condell hospital's board of trustees has worked closely from studies made by experts and from statistics on population and public health. These clearly indicate the need for more than 100 hospital beds in this area. At the present time, Condell has 30. Population has soared in Lake County from 110,000 in 1940 to 170,000 in 1950, and of the latter number, it is estimated that more than 50,000 reside west of the North Shore area, and conservative estimates indicate that more than 25,000 persons live inside a 15-mile radius of Libertyville or the area from which 80 per cent of Condell's patients are admitted.

Therefore, in order to adequately serve the needs of its public, Condell hospital must expand, the board believes. During the drive for funds with which to achieve this greatly needed expansion every effort will be made to make improve the present situation. Since 1949 the average number of patients has risen from 18 to 24, while normal occupancy of the existing beds should be 22. The first six months of 1951 have shown an average of 37 births a month; 1949 showed an average of 25. In 1949 records show an average of 98 patients a month, while thus far in 1951 the average of patients a month has been 131.

### One Story Addition

The first step in the building program, officials say, is immediate construction of a one-story-and-a-half unit to be attached to the east wing of the present building. This first addition will provide room for 12 new surgical and medical beds on the ground floor, with the basement reserved for possible physical therapy equipment in the future. The rest of the program includes a very necessary modernization of the maternity department and the further addition of 35 beds to the south of the present building. This long-range plan would insure relocation of the kitchen and dining facilities, service and storage space and expansion of the laboratory, out-patient and emergency departments.

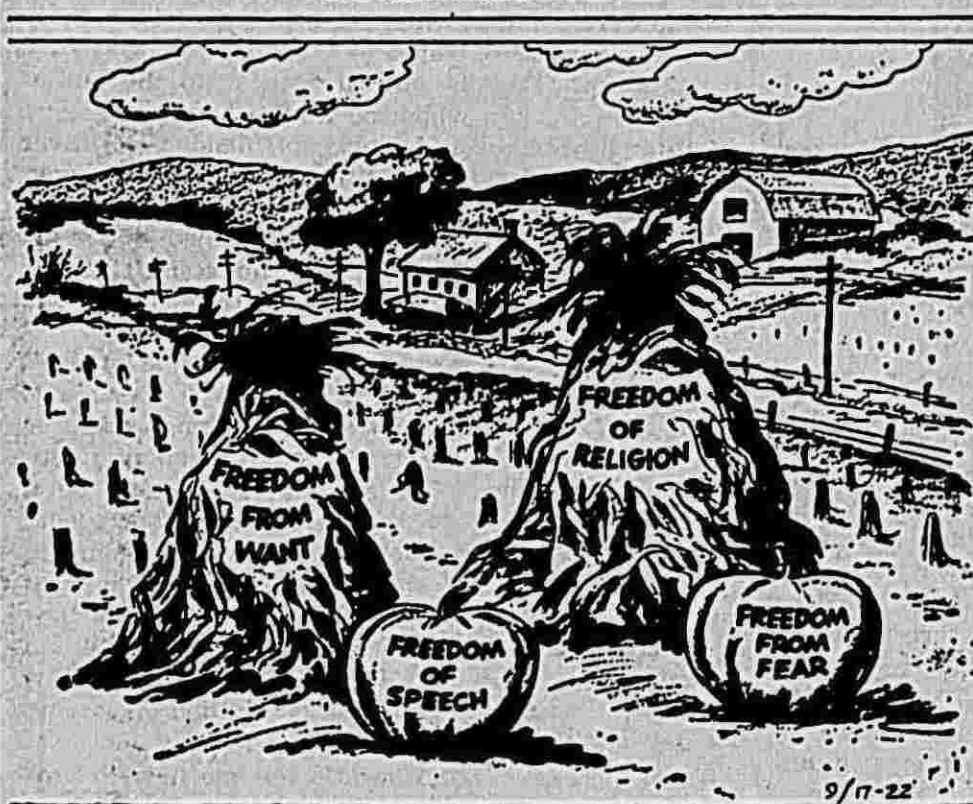

"Hospitalization has become an extremely important part of our civic responsibilities, ranking with expansion of our school and housing plans to keep pace with the rapid growth of population in this area," said president Clark.

### Zion Man Suffers Stroke on Route 173 Wednesday p.m.

First aid and Ambulance service was given to John H. Metzger, 2300 Elm Ave, Zion, yesterday afternoon when the Antioch Rescue squad was called to route 173, about five miles east of Antioch, where Metzger had suffered a stroke while driving his car.

He had been on his way home from Harvard, where he had been consulting a physician, when the attack occurred. He was taken to Victory Memorial hospital, Waukegan.

## Legion and Auxiliary Install New Officers In Combined Meeting

Over a hundred members and friends of the American Legion and its Auxiliary were present at joint installation ceremonies held Saturday evening at the Legion home. Oscar Onstad was installed as Commander of the Legion Post and Mrs. Edward Jahneke was seated as president of the Auxiliary Unit. Other officers of the Unit installed were; Mrs. Clarence Larson, vice president; 2nd vice pres., Mrs. Paul Erickson; secretary, Mrs. Frank Kennedy; Treasurer, Mrs. John L. Horan; chaplain, Mrs. Al Swenson; historian, Mrs. Lucy Himens; and Sergeant at Arms, Mrs. John Horan, Jr.

Mrs. Harold Ellis, retiring president of the Unit was presented with a gift from her officers of the past year. Vocal solos by Nancy Swenson accompanied at the piano by Mrs. L. R. VanPatten were enjoyed. A social hour followed the installation, lunch was served by the committee.

The men's organization installed officers as follows: O. I. Onstad, commander; William Brook, senior vice commander; Paul Erickson, junior vice commander; Roman Vos, adjutant; Ed Jahneke, chaplain; John Messing, sergeant-at-arms; Ben Miller, finance officer; John Horan, service officer.

The 10th district officers did the installing. They were William Sigler, Waukegan, commander; Charles Whiteleather, Waukegan, senior vice commander; Charles Donath, Grayslake, adjutant; Harold Keeth, Gurnee, sergeant-at-arms; and Arthur Thompson, Zion, junior vice commander.

The post will meet tonight with the new officers and committee in charge.

## Methodist Men's Club To Hear Talk on Crime Prevention On Oct. 1

Joseph F. Fiedoral, field officer for the Crime Prevention bureau in Chicago, will be the speaker at the meeting of the Methodist Men's club, Oct. 1.

The dinner will be served at 6:45 p.m. at the church and Fiedoral in addition to his talk will show a film of a 25-minute duration, "A Criminal is Born."

Fiedoral will discuss child delinquency and show how young people become drug addicts, starting with marijuana and ending as hopeless victims of the stronger drugs.

Maurice Kruzan, president of the club, will be in charge and introduce the speaker.

The club was organized last year and has monthly dinner meetings with special speakers on each occasion.

### Formerly Ran School At Pistakee Bay Estate

Miss Daisy Hull, 77, released on \$5,000 bond after being charged with operating an unlicensed school near Antioch and contributing to the delinquency of 15 Chicago children, formerly operated a similar institution on the former Saal estate at Pistakee bay, according to the McHenry Plaindealer.

The Italian Welfare council has since taken over.

Miss Hull is to have her hearing in court at Waukegan next month.

## Antioch Says Farewell To Hans Von Holwede In Community Gathering

The community of Antioch in a large turnout at the grade school Monday evening said its farewell to Hans Von Holwede, music teacher in the public schools for 22 years.

More than 450 persons representing two generations of Mr. Von Holwede's students, the parents and the educational leaders of the grade and high school districts paid their respects to his remarkable contribution to the community.

Mr. Von Holwede will leave in two weeks to become district representative of the Hammond Electric Organ Co. at Elgin. Old and young alike are regretting his leaving and this they expressed in many ways at Monday night's gathering.

The popular and highly respected music teacher in his typical gracious manner contributed to the program by dedicating the new concert grand piano of the grade school, which was recently purchased through money raised by him in school concerts.

### Numbers Score

His two special numbers brought rounds of applause. Also appearing on the program were Sue Garland, daughter of Mr. and Mrs. George Garland, who played a Hammond organ obtained especially for the occasion, while Stewart Good, a teacher on the faculty of the grade school sang. Both are former pupils of Mr. Von Holwede. Mrs. Homer White, program chairman of the grade school Parent Teacher association, gave the introductions.

Fred Scott, president of the high school board in response to a toast said that any teacher who had a perfect attendance for 22 years such as did Von Holwede, and was so artistic in his work, couldn't help but bear fruit of musical accomplishment in his classes.

Emil Lubkeman, president of the grade school board, testified that a teacher with Von Holwede's record would be difficult to replace.

### Interest-Builder

Principal R. C. Edmundson observed the music teacher's ability to create interest in music, and Supt. T. R. Birkhead, head of the Harvey, Ill. high school and junior college, formerly principal of the Antioch High school voiced a high opinion of Von Holwede's ability and predicted he would make a success of anything he undertakes.

Principal Richard Whitaker of the grade school recalled that Von Holwede had "shoestringed" the music department from the beginning, adding instrument by instrument until he was able to equip a band, and then continued his endeavors along this line until the piano was obtained.

George Swenson, president of the high school class of 1951 presented a desk set to the music teacher, and Mrs. C. P. Midgely, representing the parent groups, and the school boards, presented him a Lord Elgin wrist watch.

Mrs. Einar Petersen, representing the high school social club, presented bouquets to Mrs. Von Holwede and her daughter.

Refreshments were served with wives of the board members of the two schools and faculty women pouring.

In the receiving line were Principal and Mrs. R. C. Edmundson, Mrs. Fern Lux and Principal Richard Whitacre.

## Rat Killing To Start Tuesday In Antioch; Pet Owners Warned

### Poison Bait Available Free to Property Owners to Kill Rodents

Rat killing in Antioch will start Tuesday, Sept. 25, Arwell, Inc. announced today.

Owners of dogs and cats were warned to keep their pets away from the areas to be baited for a week because of the toxic quality of the material to be used at the start.

Baiting will take three days and Red Squill will be used in the village dump, the alleys of the business district and surrounding territory.

Dogs and cats eating the poisoned bait in all probability will regurgitate it, but it will make them sick, so it is advisable to keep them penned up, officials said.

The most violent of baits will be used at first and this will be followed with the slower acting and less toxic baits.

The village board has arranged to give out 100 pounds of rat bait in one-pound packages to citizens who wish to get rid of rats around their homes.

Chief of Police Walter Scott said this bait will be available free at the village hall from 10 a.m. to 12 noon and 2 p.m. to 4 p.m. on next Tuesday the day the campaign starts.

## Rescue Squad Fund Increased But Slowly Lions Club Reports

Donations for the Lions Club Rescue Squad fund coming in slow, Loren D. Sexauer, committee chairman, announced.

An appeal was made recently by letter acquainting citizens with the service the Rescue squad supplies at no cost to the community and without taxation.

The first aid squad is available at all hours under all kinds of emergencies, an appreciation of which can only be made in a substantial manner through gifts at this time, the Lions say.

The money this year is to be applied at least in part to the cost of constructing a building in which to house the equipment. The village building now in use is badly needed for a village office room.

Contributions were received recently from the following persons in Antioch, Lake Villa, Salem, Wis., Camp Lake, Wis., and Cross Lake: Alfred Orssen, Mrs. Margaret Dulin, Wm. Terry, L. P. Yopp, A. G. Simon, Women's Moose, John and Alma Geis, H. Melgaard, V. F. W. Auxiliary, D. M. Shugart, Daisy Richard, Roy W. Dupre, Mrs. H. A. Nau, Dr. and Mrs. W. W. Doty, John T. Gleason, Martha C. Daube, W. V. ### Lake County Stocked With Cock Pheasants

Lake county was stocked with 600 pheasants this week for the coming hunting season.

The birds, mostly cock pheasants, were sent by the state trucks to Barrington and from there were taken to various places in Lake county designated by the Sportsmen's clubs.

Earlier in the year 400 birds, mostly young hens were brought in at mating season time.

The places in Lake county where the public can hunt are quite limited and the number that can hunt on state land is necessarily restricted.

## WHAT DO THE PEOPLE WANT?

Do the people want socialized electricity? A great many politicians claim they do—or, at least, that they will accept it willingly. But the available factual evidence presents quite a different picture.

The Pacific Northwest is a good example. It contains some of the government's largest power dams. The tax-paid Washington propaganda boys have beaten the drums for so-called public power for years. Everything possible has been done to make the voters believe that only government can assure them an adequate electric supply at a low cost.

Between 1946 and 1950, inclusive, in Oregon, the citizens of 17 towns and areas voted on proposals for municipal electric plants or for the creation of public utility districts which would supplant the private utilities. In fifteen cases the proposals were voted down, often by heavy majorities. In only two were they approved.

This year two such proposals have been voted on

in the state of Washington. Both were decisively defeated.

It's hard to see how anyone could argue that these votes do not represent public opinion. Both sides presented their cases in full, and in every instance public interest was high. The voters simply weighed the proposals on their merits—and marked their ballots accordingly.

In the case of the Federal socialized power systems, the people have no direct voice—it's a case where socialism is forced down our throats whether we like it or not. But when the people can speak out at the ballot box, socialism almost always gets the axe.

## THE LOW DOWN FROM HICKORY GROVE

In Mr. Nero's time when the boss-guy chose to have a little diversion or fun and amusement, he had his trusty secretaries and bureau boys whip the bushes for another tiger to which he would throw an enemy. At other times he would cruise, in splendor, the River Tiber. His boys went a step too far one day, however, in the way of having a good time. Their fireworks display got away from them and burned down the whole ding-busted place. Thereafter Rome's streets were dusty for a 100 years. Nero with no palace and no place to show off, up and died.

Gee whiz, says Henry, you know quite a lot don't you. Well, I thank you, I say, I thank you very much. But getting back to our own grand land—our free and easy-mark U.S.A.—we are not too many jumps behind Senor Nero. For fun and amusement here, our top brass says to the agriculture department, which has one billion bucks in its jeans as spending money, what's comical today. And the dept. waltzes in a Turkey Carving Expert. He demonstrates how to carve so the bird won't skid off the platter. Oh me—tomfoolery. And Mr. John Middle-class and his sweet little helpmate dig up the one billion on income tax day to keep the fumididdles in fettle.

If the guy, says Henry, would tell me how to procure a turkey and leave the carving to me—why don't he do that. Henry, I say, you are even simpler than you look.

**Joanne Tiffany Bride  
of Mr. Cunningham**

Miss Joanne Tiffany, daughter of Mr. and Mrs. Charles Tiffany, 623 Pacific Ave., Waukegan, became the bride of Walter Cunningham, son of Felix Cunningham, 610 Center Street, Waukegan, Saturday, Sept. 15.

The Rev. O. R. Littleford assisted by Dean Howard E. Ganster officiated at the double ring, 7 o'clock ceremony at Christ Episcopal Church. Joanne was given in marriage by her father.

For her wedding she wore a gown of white satin, the bodice of which was topped with a small collar, and her inserts down either side of the front of shirred Chantilly lace. The gown also had long pointed sleeves and a full skirt with a train. Her fingertip length French illusion veil was secured in place by a wreath of orange blossoms, encircling a cap-shaped head piece. The gown was worn by Mrs. Clifford Gartley at her wedding 15 years ago. The bride carried a white prayer book, a gift from her bridegroom, from which fell a shower of tiny white ribbon bows.

The bride's only attendant was her sister, Miss Jean Tiffany, who wore an ice blue satin gown, fashioned like the bride's. She also wore a blue net blusher and carried a cascade bouquet of dark red gladioli.

Attending Walter as his best man was his brother, William. Donald Dice, William Crammond and Phillip Durkin ushered. Special wedding music was sung by Dorothy Cole, sorority sister of the bride, accompanied by Mrs. Robert John at the organ.

The newlyweds greeted 200 guests at a reception held in Memorial hall of the church. Among those attending were Mr. and Mrs. William Keulman, Antioch, the bride's grandparents, who celebrate their golden wedding in November. Hostesses assisting Mrs. Tiffany were Mrs. Maurice Stupey, Mrs. Charles Quiggle, Mrs. William Cunningham, Mrs. John J. Morley and Mrs. William Guhan, Mrs. Clifford Gartley served the wedding cake and Miss Peggy Kyndberg took charge of the guest book. Mrs. Melbin L. Toepeke of Kewanee; Mrs. William J. Riggins, Ann Arbor, Mich.; Miss Alfreda Anderson, Miss Kathryn Swanson, Detroit, Mich., and Mrs. Charles Dieg poured.

The new Mr. and Mrs. Cunningham took their honeymoon trip to northern Wisconsin and are now at home at 1803 Park ave., North Chicago.

## Mrs. Emory L. Kemp, President of AAUW Waukegan Club Speaker

Mrs. Emory L. Kemp, formerly Anita Hucker, who is a sister of Mrs. Alonzo Runyard, Mrs. Earl Pitman, and Ted Hucker of Antioch, was the speaker before the Waukegan branch of the American Association of University Women in her capacity as state president Tuesday, Sept. 11.

Mrs. Kemp and Mrs. Max Lidsch, historian of the state board jointly took the subject "The Obligated Woman" in challenging the results of their education into action.

A college degree doesn't always give a woman a social conscience, Mrs. Kemp told her audience, and said that A A U W members need to clarify their position. She interpreted Dr. Rosmond Tuve's term of "uneasy conscience" as an acquiring of a social conscience.

She quoted Dorothy Thompson's statement that the United States is in danger of the "mass man"—the conformist who is easily influenced by advertising and who runs with the crowd. He is being trained for slavery.

.....  
Mr. and Mrs. Mike McKinney, recently received a letter from their son, Pvt John E. McKinney, stating that he is stationed in Korea.

Miss Mary Lou Sibley of Evans-ton spent the week end at Lake Marie, the guest of her parents, Mr. and Mrs. N. E. Sibley of Dayton, Ohio, who are vacationing there.

Mrs. Gladys Baldac of Minneapolis, Minnesota is the guest of Mrs. Gertrude Dunning this week.

## School Leaders Praise Departing Teacher

Hans Von Holwede (second from left) was guest of honor at a farewell meeting of the PTA at the Antioch grade school last evening, prior to his leaving for Elgin, Ill., and a new position. The public school music teacher who resigned after 22 years of teaching without a single absence from classes, received the praise of (l. to r.) Richard C. Edmundson, principal of the Antioch Township High school, Mrs. Homer White, PTA program chairman; and principal Richard Whitacre of the Antioch grade school.

### Wilmot League Champs, Leads in Team Batting; Antioch Ties for Cellar

Wilmot won the Southeastern League championship this year edging Silver Lake by one full game, winning 11 losing 4.

At the same time Antioch and the Kenosha Red Sox tied for the cellar winning 4 games and losing 11.

The Wilmot team had six players with batting averages more than .300, Molinaro and Richards, with the remarkable averages of .500 and .487, leading the league and helped boost their team average to .318, also the league's best.

Crandall was the only Antioch player to hit over the .300 mark, and the batting average for the Antioch team was but .228. Silver Lake won two-thirds of its games with a team batting average of only .250.

At the next meeting of league managers a most valuable player and a most valuable pitcher for the league will be named. The all-star game was not played because so many of the players had left for college.

**POWERSCOOP BARN CLEANER**

Chainless  
Paddleless  
Easily Installed

**COSTS 1/3 LESS!**

**POWERSCOOP BARN CLEANER**  
Operates This EASY Way!

(1) Operator pulls start-stop cord which activates winch power unit. (2) This sturdy "power head" activates both scoop and elevator.

The hand-held Powerscoop (3) is drawn through the gutter to the central hopper (4) where it is elevated (5) to manure spreader outside of barn.

This is the hopper section showing the scoop and cable about to empty a load of manure.

The "power head" unit drives both the elevator and the rotating drum for the cable.

The elevator is well constructed and elevates all liquids and solids at the rate of 45 feet per minute.

Save an extra \$100 to \$300 on installation alone. Plans to fit almost any barn—one, two or three gutters—even "L" shaped barns.

Low original cost, ease of installation, and dependable operation make POWERSCOOP the perfect barn cleaner for your barn regardless of its size or the number and position of gutters.

No chains or paddles in the gutters, no idlers or sprockets at the corners, the POWERSCOOP is simply a cable-drawn scoop which empties manure into a fast-moving, self-cleaning elevator. Operation is as simple as A, B, C. Flip the main switch, walk the scoop back behind 3 or 4 cows, tug the overhead start-stop cord, and a winch operated steel cable attached to the scoop will pull the manure into the metal hopper where it's effortlessly carried into the spreader. Your barn is clean in a matter of minutes... without disagreeable, dirty, back-breaking work!

No chains, no complicated plans, no unfamiliar machinery to assemble, you can easily install a POWERSCOOP yourself and save an extra \$100 to \$300 on installation alone!

ALL PARTS GUARANTEED UNDER A 5 YEAR WARRANTY

## SHORT STORY

### The Long Way Home

By Beatrice Cargill

LONG AFTER the 12:07 had moved out of sight around Black Mountain, two figures stood motionless on the tiny platform. Above them, creaking on its hinges, the sign read "Turner Junction." Wind swirled and eddied around them harshly. Jeb Reynolds, station master, stayed discreetly inside the ticket office. He had watched folks for twenty years as they experienced that first aloneness.

The train had paused for only a minute. Then, with Rob Cameron waving and smiling on the rear platform, it had made its noisy departure.

"Must be nearly down the valley to Ellentown by now," John said. Sara clutched the shiny black leather purse tighter. It was Rob's last gift.

"Feels like snow in the air, Mother." John's gray head bent to hers.

"Turkey weather."

"Yes, Thanksgiving's almost here again."

Sara looked deep into his eyes. "John, he'll be gone for a long time."

"Yes, Sara."

Jeb Reynolds came out on the platform and watched them climb

into the old blue sedan. The old car woke up and cleared its throat.

"Need some anti-freeze, I do," John pulled out the choke.

"Maybe a little coffee might help," Sara smiled, but it was only her lips that moved.

They drove seven miles past browned and crisped meadows.

John slowed down near a small, low farmhouse. There was a white sign on the side of an elm tree—

"Mrs. Whitely's Famous Dinners."

Sara nodded in reply to his unasked question. She straightened her hat in the rear view mirror and put on her gloves, taking a long time with each finger. Rob's train must be nearly to Coddington.

THERE WERE long, silent minutes between soup and chicken and dessert. After dinner, they went out behind the barn to see the minks, kept in orderly cages. Mrs. Whitely's boy fished in the pond for sunfish to feed them. Sara bent over to see the tiny creatures and her hair played in the wind. The gray streaks were like a light touch of snow.

She counted the minks. Two large ones, one small one, screened off by himself. A family? Their family had been three—John, Rob, Sara.

"Yes, they are beautiful," she said. "I wish I could look at them without thinking of the coats they are going to make." She smiled, apologetically. "It seems wicked, to kill them, I mean."

Mrs. Whitely grinned. "Well, Mrs. Cameron, I used to feel sorry for them, but after the first check came in, I never thought about it again."

The train must be at Gorge City now. Another hour and he'd be there. She closed her eyes.

John's arm was around her.

"I feel as if I'd been running," she murmured. "Guess I leaned over too long looking at the minks."

They settled themselves in the old car again. They could see the farm on a distant hill.

"I still love it, John. I still like coming around that curve and seeing it, knowing it'll be there."

The car whined in self-pity as it climbed the hill. John drove up to the front door. He fumbled for the key and then just held it in his hand. Something seemed to hold him back. He didn't want to go into the house. He leaned down to pat the old collie who stood waiting there—and saw the note. Pinned to the dog's collar was a scrap of paper. Together John and Sara read it. Incredible. Drawn in a hurry were Mom and Dad—woeful faces above single-line bodies. Mom was clutching the black purse. Dad was keys. Beneath the picture Rob had written in large black letters—

"CHEER UP—YOU SURE LOOK GLOOMY!"

"John, you sure look gloomy," Sara repeated—and John began to grin. Sara laughed.

"That boy," he said, "That crazy kid."

He opened the door and they went into their house.

## THE BIBLE SPEAKS

International Uniform Sunday School Lesson

BY DR. KENNETH J. FOREMAN

SCRIPTURE: Matthew 8:13-16; 13:33; Luke 10:1-10; Acts 8:23-29; 1 Peter 3:13-16

DEVOTIONAL READING: Amos 8:14-24

Are You a Citizen?

Lesson for August 28, 1951

LET'S come down home. The official title of this week's lesson is "The Christian's Responsibility in Public Life." That is a big thing,

a wide circle; but the center of the circle is you, my friend, and right around you is the community in which you live.

What kind of town is it? Not how big, but how good. It doesn't have to be a town at all. It may be a section of open country, a few miles of farms, ranches or woodland. But it is some kind of community.

In New York State the Citizen's Council prepared the following set of questions which can be used to help you rate your community. After each set of these questions write down either 10 for good, 5 for fair, or 0 for poor.

Rate Your Town

"1. Education: Does your community make modern education available to every child, youth and adult? Are its schools uncrowded, properly equipped, and in good physical condition? Are the teachers highly qualified and well paid?"

"2. Housing and Planning: Is every family decently housed? Is there continual planning for improvement of highways and other community essentials? Are parking, transportation problems under control?"

"3. Religion: Is full opportunity for religious expression offered to every individual in your community? Are your churches strong and well supported?"

"4. Equality of Opportunity: Do people of different races, religions, nationalities have full chance for employment and taking part in community life? Are dangerous tensions kept at a minimum by avoidance of discrimination and injustices?"

"5. Economic Development: Are good jobs available? Do labor, industry, agriculture and government work together to insure the sound economic growth of your community?"

"6. Cultural Opportunities: Are your citizens' lives strengthened by ample opportunity to enjoy music, art, and dramatics? Does your community have a professionally administered library service which benefits people of all ages? Do your newspapers and radio carefully review the affairs of the community?"

"7. Recreation: Are there enough supervised playgrounds and facilities for outdoor activities? Does your community offer full opportunity to take part in arts and crafts, in photography, and in other hobbies?"

"8. Health and Welfare: Are medical care and hospitalization readily available? Is provision made for underprivileged children, the aged, and the handicapped? Can families in trouble secure the help they need?"

"9. Government: Do capable citizens seek public office? Are your officials concerned above all with community betterment? Does controversy stem from honest differences of opinion and not from squabbles over privilege?"

"10. Community Organization: Is there any organization (community forum or the like) representative of the whole community, working for the advancement of all? Do your citizens have opportunity to learn about and take part in their local affairs? Is there an organized community-wide discussion program?"

Now add the scores you have put down for each of the ten groups of questions. A total of 100 is fine; 50, fair.

But now look over those questions again. Is there anything you could do, personally, about each of those things? If so, have you done it? Have you done as much as you could? Have you ever tried to get other people interested?

You can make another score sheet and head it: How I Rate as a Citizen. Then grade yourself under each of those ten heads, 10 for doing all you can, 5 for doing a little something, 0 for nothing at all. If you are a Christian, be especially strict with yourself.

If you were out of it, would your community miss you as much as you miss salt when some one forgets to put it on the potatoes? If you left your community, would it seem a bit darker there after you were gone?

Century Old Service

For more than a century express shipments have moved in passenger trains on American railroads. About 8,500 passenger trains handle this traffic daily and in addition many trains handling express shipments exclusively are operated between the larger cities at passenger train speeds, according to Railway Express Agency.

Way Back When

In the days of Julius Caesar, his Roman Legions proudly carried standards bearing silver eagles surrounded by brilliant streamers. The Silver Eagle was regarded by the Romans as a symbol of honor and devotion with the same reverence that Americans regard the Stars and Stripes today.

Hard Workers

A box car is the hardest worker of all the different types of serviceable freight cars owned by the railroads, averaging a new load of freight every 14 days.

Avoid Spoilage

To avoid spoilage, lard, butter, margarine, drippings, rendered fats, and opened containers of salad oils should be kept under refrigeration.

## TIRED OF DIGGING HOLES FOR FENCE POSTS?

Here's an easy way to get out of that work... to stop spending all that money. For fence repairs, make replacements with Koppers Pressure-Creosoted Posts — the posts that last for 30 years! Soon, you'll have a 100% pressure-creosoted post fence. Naturally, for new fencing, it pays to set only Koppers Posts, and forget about making replacements.

Koppers Posts, pressure-treated with creosote, are protected against termites and decay. They keep original size and strength at ground line; therefore, smaller treated posts can replace larger untreated posts. There are many other advantages. See us for fence posts.

## Manchurian Fields Base for Commies' Plane Build-up Try

WASHINGTON, D.C. — What lies behind North Korea's border with Manchuria, along which U.S. and Red planes have been clashing in the biggest jet battles of aviation history?

From the borders of Soviet Siberia southwest in a mighty arc across Manchuria and around the Yellow Sea lie more major airfields than in all the rest of China put together.

Mao Tse-tung's so-called "privileged sanctuary" is criss-crossed with runways laid down by Japan's Kwantung Army in long years when the banners of the Rising Sun floated over puppet Manchukuo. What condition these fields might be in to receive a reported 3,000-plane build-up of Chinese air power is uncertain. But for months indications have come from Korea that Red China is hard at work improving such bases and building new airfields in Manchuria. Events have made plain that at least some of these installations are operational for jet aircraft.

North Korea's airfields—what few the Japanese built among the tumbled mountains—have been pounded by United Nations planes since the Korean fighting began.

North of the ridges which pile to 8,000-foot peaks along the Manchurian border, however, is the flat, board valley of the Sungari River, one of the richest agricultural areas on earth, rising gradually to the treeless plateau of western Manchuria.

Westward across the Yellow Sea from Korea and south of China's Great Wall stretches another plain along the East China coast, through which wander the Yellow and Yangtze Rivers. There, too, the Shantung peninsula points like an outstretched tongue straight at Korea, closer to Seoul than any U.S. airfield in Japan.

A new National Geographic Society map of Asia, published in March, shows principal airports at 28 Manchurian and Chinese cities, all of which are closer to the heart of Korea than Tokyo. Among them are Shanghai, Nanking, Tsingtao, Tientsin and Peiping itself. At the end of World War II, there were more than 40 military airfields in Manchuria alone.

## New Style U.S. Currency Baffles Bank President

HIWATHA, Kas.—Roy Ruth, bank president in the near-by community of Everest, found that counting money can become a problem. Recently he broke open a bundle of \$3 bills and carefully counted them. They totaled \$500.

As a check, he turned them over to recount. This time he got a total of \$530.

Checking, re-checking and turning over each crisp bill carefully, he made a startling discovery:

Six of the notes, fresh from government presses, were \$5 denominations on one side, \$10 on the opposite.

## Lad in 'Hoppy' Sweater Is Youngest Volunteer

PHOENIXVILLE, Pa.—The husky military policeman blinked at the little boy, dressed in jeans and a Hopalong Cassidy sweater sauntered up to the entrance to the Valley Forge Army Hospital and said politely: "I've come to read for blind patients."

The soldier took the lad to the commanding officer. Eddie Dworczek, 11 years old, had hitchhiked from Paoli, 10 miles away, although friends had laughed at his idea of volunteering as a "reader."

The officer didn't laugh. Neither did the blind patients as Eddie read to them from two books he had brought under his arm: biographies of Lou Gehrig and Joe Di Maggio.

## Army Rescuers Hold Marine Pilot Until Ransom Paid

WITH THE FIRST MARINE AIR WING IN KOREA — Pilots of a Leatherneck "Devilcat" squadron, paid a rare price for the return of one of their comrades.

The "ransom" was 100 pounds of steak. And it was paid not to the Reds, but to a hungry and prankish U.S. Army helicopter outfit.

Marine Captain Russell G. Patterson, shot down behind enemy lines in central Korea, was rescued by an Army helicopter.

The 'copter men refused to return him to his home carrier until Captain Patterson's squadron mates came through with the "chow."

## Senator Thinks Rainmakers Partly to Blame for Floods

WASHINGTON — Senator Case (R., S.D.) believes that the operations of "rain makers" might have had something to do with the disastrous floods in Kansas and Missouri.

Case reported that artificial rain makers operating in Oregon, Nebraska, Colorado, and the Dakotas "seeded enormous areas with siltier loess."

The Dakota senator said there is immediate need for a scientific appraisal of rain making in order to "find out who is doing what, and how." Other sections of the country might welcome the efforts (limited, of course) of the rain men.

## Bible Reading, Prayer Unite The World

NASHVILLE, TENN.—When the famous cartoonist, Tom Little, learned that more than 50,000 churches distribute the English edition of The Upper Room and that, through its sixteen editions, the circulation is world-wide, he made the above drawing to show how Bible reading and prayer and meditation can draw the people of the world together.

The Upper Room in Japanese is the fastest growing of the foreign editions, although new editions in Europe are also reporting good progress. Through the pages of this devotional guide, individuals and families share the same Bible reading, prayers, and meditations each day, not only in America, but around the world. The circulation of the English edition alone is believed to be the largest ever achieved by a religious periodical.

The new September-October issue carries meditations written by residents of 31 countries including Princess Wilhelmina, former queen of the Netherlands, and one Chinese who, since he wrote his meditation, has been liquidated by the Communists.

## THE AMERICAN WAY

Not That Hungry

## Wrestling

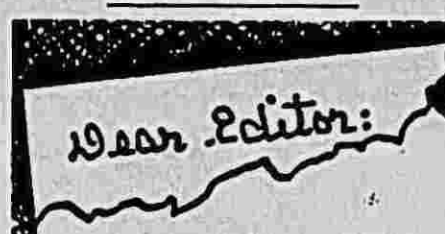

Big Humphrey, the colorful red head who came out of the cartoon strips to score a success in the mat world, will face the powerful heavy-weight "The Mighty" Atlas Friday night in the Lake County Stadium in Round Lake Park. The match is to a two out of three fall verdict with a sixty minute time limit.

Big Humphrey drives around town on a three wheel bike and wears a checkered cap, coat and long johns. He wears this outfit into the ring. Despite his bizarre appearance, Big Humphrey is an accomplished wrestler.

In facing The Mighty Atlas he, will meet a foe who shows no mercy when he clamps on a full nelson. The Californian has been known for his feats of strength and can bend a flat steel bar, one eighth inch in thickness around his arm with ease.

Fans will see The Elephant Boy with his slave girl and his bushy head of hair when the latter comes to Lake County Stadium to wrestle Balk Estes, of Munster, Indiana. Elephant Boy (Olivas) is a sight to see and his success in recent matches around Oklahoma and Texas were consistent. Estes is no stranger to Lake Area fans. He has shown splendid talent in his matches.

Bobby Managoff, Chicago favorite and George Bruckman of Washington are in a thirty minute bout. Nature Boy meets Karl Gray in the opening match.

## ATTENTION

Citizens of Antioch

THIS IS TO ADVISE THAT ARWELL, INC. of Waukegan, Illinois has been contracted by the City of Antioch, Illinois to control rats in the alleys and on the dump. The baiting will begin on Tuesday, Sept. 25th and the public is advised to keep dogs and cats out of the areas to be poisoned. Baits containing Red Squill will be used and animals eating the poisoned bait will in all probability vomit and regurgitate the red squill but they will be made sick, thus it is advisable to keep them penned while the program is underway.

Free bait for anyone in Antioch can be obtained at the village hall on Tuesday, Sept. 25th from 10 a.m. to noon and 2 p.m. to 4 p.m. (Sept. 20-27c)

last week with her daughter, Mrs.  
Traver Ellis and family at Belvi-  
dere. Her other daughter, Mrs. Ed-  
ward Langbein and Mrs. Joy Sum-  
mers drove up Thursday and she  
returned home. Mrs. Summers is  
staying at the home of her son Don,  
who, with his family, left last  
Wednesday on an auto trip to Cal-  
ifornia. Mrs. Summers' mother of  
Tennessee came up to accompany  
them on the trip.

drove on Skyline Drive.

## Unstick Drawers

If the drawers in your dresser  
stick in damp weather, cover the  
inside surface with a thin coat of  
fresh shellac on a dry day. Unfin-  
ished wood swells in damp weather  
and causes the drawers to stick. The  
shellac seals the surfaces and pre-  
vents sticking.

80% of World's Nickel  
Sources of raw materials used in  
steelmaking are being developed  
extensively in Canada. The Dominion  
now mines 80 per cent of the world's  
nickel, and is the source of nearly  
all consumed by the steel industry  
of the United States. Canada is the  
world's second largest producer of  
zinc and aluminum; the third larg-  
est consumer of natural gas, and  
has the fourth largest output of  
copper and cobalt.

"SALVAGE"  
DOES NOT MEAN JUNK  
AT THE  
ILLINOIS RAILROAD  
SALVAGE STORE

If one article in a shipment is  
scratched or broken the entire  
shipment is sold as salvage be-  
cause labor costs are too high to  
inspect and repack the remain-  
ing good articles. We have those  
good and slightly damaged pieces  
at 20 to 100% savings to you.

We usually have name brand  
canned goods, furniture, hard-  
ware, household effects, paints,  
building materials and farm sup-  
plies.

NEW MERCHANDISE IS  
RECEIVED EACH WEEK  
"FIRST TIME" customers are  
surprised at the good quality of  
our SALVAGE. A lot of the  
merchandise we have is new  
and undamaged. Come in, look  
around, ask questions, bring your  
purchases to the counter. No  
one sells you anything.

We are located on the East  
side of Diamond Lake on Lake  
St. in Mundelein.

at Illinois Bell

"The telephone company's a pretty big  
outfit, with thousands of people in many places  
working to give you good service. But, really,  
there's just one person whose job is to be your  
personal representative at Illinois Bell. That's me  
— your 'Service Representative.'"

"Any time you have a question about your bill,  
rates, moving your telephone, ordering an exten-  
sion, getting an extra listing in the directory, or  
practically anything else about your service,  
please drop in or call me at your telephone  
business office.

"Maybe I won't be able to answer every ques-  
tion you ask. But if I can't, I'll get the answer  
for you. That's my job—to help you in every  
way I can."

"Right here in my desk is a card with  
your name, address and a lot of infor-  
mation about your telephone service. It helps  
me answer your questions quickly. You're  
one of a number of accounts that I  
serve exclusively and I'm pretty familiar  
with it now."

## Antioch Farmers Invited To Send Exhibits To Final Farmer's Institute

An invitation to Antioch township farmers to enter exhibits at the Farmer's Institute at the Wauconda Grade school Friday, Oct. 5 was issued today by President William Laechelt.

"If you raised a big pumpkin some nice potatoes or think you have the longest ear of corn or the best 10 ears of corn, bring them to the exhibit between 5 and 9 p.m. Thursday, Oct. 4," said Laechelt. Prizes will be given for bake goods, fancy goods, rugs, canned goods, flowers, flower arrangements, vegetables, grain, corn, potatoes, largest pumpkin, longest ear of corn, tallest stalk of corn, best ear of corn, best sunflower fruit, junior exhibits showing the work of Boy Scouts, F. F. A., 4-H club, Girl Scouts, F. H. A. and individual hobbies.

W. C. Petty, superintendent of

schools in Lake county will conduct a program for the neighboring grade rural schools and the home economics program at 2:45 p.m. will have Mrs. William B. Fry doing things with paper. "Paper" being her subject.

The evening program will have an all-Lake county talent and promised to be an entertaining and educational evening, according to President Laechelt. The Rev. L. H. Messersmith of Millburn will be the speaker. Delores Naffziger will lead in the community singing. There will be tap dancing by Marilyn Dickson, accordion solo by Ronald Dickson, songs by Neta Gustafson and Beth Daniels, and motion pictures will be shown by Farm Adviser Ray T. Nicholas.

The Wauconda High school band will play several numbers.

### Will Elect, Install Officers

The Young People's Methodist Youth Fellowship will meet at 8 p.m. Sunday at the church in electing and installing officers. The Rev. G. Richard Tuttle will have charge of the installation. Recreation will follow the meeting.

## Gresens Made Distributor For Sparkler Co. Filters

Ed Gresens, 1050 Bishop st., chief engineer of the Sparkler Manufacturing Co. at Mundelein, has been appointed within the past week as distributor for the company's full oil filters which are used on all types of boilers, furnaces, and space heaters.

Gresens who has had much to do with the design of these filters, says he will set up dealers in the various surrounding villages and cities, as well as in all communities.

The Sparkler Co. has been in the filter business for the past 23 years and are pioneers particularly in the industrial field. One of its latest achievements is a filter for blood plasma.

### A. T. H. S. Football Dance

A "Kickoff" dance honoring the football players of the Antioch Township High school has been arranged by the Junior class of the school. It will take place after the game with Bensenville and will be held in the school auditorium tomorrow evening. A nominal charge will be made.

## Channel Lake Woman Passes Away Today

Mrs. Catherine O'Brien, a resident of Channel lake for the past five years, died early this morning after a long illness. Her death took place at 3:15 a.m. at Victory Memorial hospital, Waukegan.

She was born in Ireland, December 31, 1885, and was brought to the west side of Chicago at an early age, where she made her home until moving to Antioch five years ago.

She is survived by a daughter, Mrs. David Strattan, Antioch, a son Roger of Chicago, one sister, Mrs. Josephine O'Brien also of Chicago, and nine grandchildren. She was preceded in death by her husband, Daniel, on July 22, 1935.

Funeral services will be held at St. Peter's Church, of which she was a member, on Saturday. Friends may call at the Strang Funeral home after 7 p.m. this evening.

Walter Messing, who is serving in the U. S. Army Air Force at Kessler Field, Mississippi, is visiting his parents, Mr. and Mrs. Harry Messing.

## Jacobson, Assistant Rent Director, Talks On Housing Areas

Harold B. Jacobson, Acting Associate Area Rent Director, of the Waukegan Branch Rent Office, today said no city has to recommend that its locality be made a "critical defense housing area" for it to become one. The Secretary of Defense and the Director of Defense Mobilization jointly certify areas as being critical when three standards apply, Mr. Jacobson pointed out. "To become a critical defense housing area there must be new or expand defense activity, an immigration of defense workers or military personnel, and there must be a shortage of housing which impedes or threatens defense activity."

The Office of Rent Stabilization can do nothing until these certifications are made.

Mrs. C. E. Hennings in company with her cousin, James Marcus of San Diego, Calif., will leave New York, Oct. 1 for several weeks stay in Europe. Mr. Hennings and daughter, Theodora will accompany them to New York.

**Dandruff Remedy by Abbotts**  
Abbott Laboratories in North Chicago where a number of Antioch Township residents are employed, has placed on the market a new dandruff remedy called Selsun which is about 85 per cent effective. Because of its highly toxic nature the product, Selsun Sulfide, is sold only on a doctor's prescription.
